

## Useful information for this term:

- PE lessons will take place every Monday and Wednesday and your child should have a full PE kit in school on these days, including tracksuit trousers for colder days.
- Please can we remind you that your child should have their reading book and learning log in school daily and that they should be reading at home as often as possible.
- Each week your child will have a set of spellings sent home for them to practise. These will be tested each Monday morning. They will also have a piece of maths homework sent home on Fridays that will be marked the following Friday morning.
- We encourage the children to extend their learning at home. Work related to our topic will be displayed in the classroom. In Year 2, 'show and tell' should relate to our topic or recent achievements.
- We hope that your child enjoys this term in Year Two but if you have any concerns please don't hesitate to come and speak to us.

# Best Of British

Our topic of 'Best of British' is now underway and will span the whole of our school year. This term we are looking at 'Magnificent Monarchs,' starting with Her Majesty, Queen Elizabeth II.

In PE we will focus on multi skills and invasion games and SSG will be coming in to do some coaching with the children. Indoor PE will be gymnastics.

In RE we are looking at the Earth and why we should take care of it. We will look at the Bible to discover more about our world and how Christians believe it was created.

In Literacy we will look at a range of fiction and non-fiction texts to reinforce the children's learning throughout the topic.

In Topic we will help the children to develop an awareness of the past and how things have changed alongside looking at the lives of British Monarchs.

In ICT we will be learning how to research using the internet to search for information linked to our topic. We will also learn more about Microsoft word and develop our understanding of the tools linked to this programme.

# Magnificent Monarchs

In Science we will be learning about materials and their uses. This will enable the children to see how building materials have changed over time and the differences between natural and man-made.

In Design Technology we will be looking at designing and making a brooch fit for a king or queen.

If the children have any information they would like to share with the class for this topic please can they bring it into school in a named folder or bag.
