

Useful information for this term:

- PE lessons will take place every Monday and Wednesday and your child should arrive in full PE kit in school on these days.
- Please can we remind you that your child should have their reading book, reading diary and learning log in school daily and that they should be reading at home as often as possible. Please can you record when you have read with them in their reading diary.
- Each week your child will have a set of spellings sent home for them to practise. These will usually be tested each Monday morning. They will also have a piece of maths homework sent home on Fridays that will be marked the following Friday morning.
- We encourage the children to extend their learning at home. Work related to our topic will be displayed in the classroom. In Year 2, 'show and tell' should relate to our topic or recent achievements.
- We hope that your child enjoys this term in Year Two but if you have any concerns please don't hesitate to contact us.

Turrets, Tiaras and Treason

Our first topic this year will be Turrets, Tiaras and Treason!

We will be learning about our Royal Family, the history of castles and the story of Guy Fawkes.

In PE, we will be developing our ball skills and during our indoor session we will be doing gymnastics.

In RE we are looking at the Earth and why we should take care of it. We will look at the Bible to discover more about our world and how Christians believe it was created.

In English, we will look at traditional fairy tales and non-fiction texts will be used in topic lessons to reinforce the children's learning.

In Topic, we will help the children to develop an awareness of the past and how things have changed, as well as looking at the lives of British monarchs and other historical figures.

In computing, we will learn about Microsoft word and develop our understanding of the tools linked to this programme.

k

Turrets, Tiaras and Treason

In Science, we will be learning about living things and their life cycles. We will be learning about the life cycle of humans and how we change as we grow, and the things we need to stay healthy.

In Design Technology, we will be looking at designing and making castles, using different materials. We will think about how to use levers, how we can join materials and how we can reinforce structures to make them stronger.

If the children have any information they would like to share with the class for this topic please can they bring it into school in a named folder or bag.
